

14th Anniversary at TJ's

By Dennis Martin

I should start off by congratulating Terry and Sue on their 14th Anniversary. On May 5th & 6th they celebrated by having an all weekend fund raiser for Angel Flight. The first day was a washer tournament, live music and an appearance by the Bud Girls and the Jaeger Girls. The second day was a charity bike show sponsored by Miller Lite. Everyone was also treated to a fashion show with the clothing supplied by Stephanie Poole of Gateway Harley Davidson. The female models were the TJ's Girls, which you may recognize from the Leather and Lace events of the past.

Angel Flight is a non-profit organization with over 1400 pilots, nation wide. They volunteer their time, planes, and fuel for families in need of quick long distance transportation. Patients are usually traveling for surgery, chemotherapy, dialysis, and other medical treatments. Some flights may be to transport blood for the Red Cross. All of the costs are paid by the volunteer pilots. I met a previous passenger that day. Her name is Chloe. She was born premature and was rushed to Children's Hospital. She went home on the day she was originally due.

There were a number of items being raffled to raise money for Angel Flight. Most notable was 2 tickets for the Indianapolis 500, a plane ride to Lamberts Café in Sikeston, MO, and two Harley Davidson picnic bags.

After the final count, the total was \$2000.00 given to Angel Flight.

The bike show winners were: Sportster - Ken Robinson, Touring - Sandy Taylor, Twin Cam Custom - Chuck Uptergrove, Twin Cam Factory - Bear, Vintage - Jeff Peeples, Chopper - Jeff Jerger, and Best of Show (chosen by Miller Lite) went to Richard Cochran.

During the fashion show the clothes were auctioned off of the models by the DJs. One girl sold her shirt and another sold her shirt and shorts. The winning bidder was able to take the clothes off of the models. Next time I will bring more cash!

Don: Congratulations from Pam and I. We hope you have another 14 years and they are twice as successful as you had the last 14.

Linda: Good luck with another 14 years. It has been great knowing you guys. We had some great times on trips. Thanks for everything you do for everyone.

Tom: Wish you many more great years of aiding to the biker industry and the Jefferson County area.

MESSAGES TO TERRY AND SUE
